

Robin Stevenson (a director of Hazel Hewitt & Associates Ltd) is an engineer who is available to sit as an Independent Commissioner on local body environmental planning hearings or RMA matters.

Robin's experience allows him to see the whole picture, while working through legal submissions, technical and lay evidence, and bringing together a range of competing interests to arrive at a reasoned decision.

As an Independent Commissioner Robin can ensure a fair and equitable process is followed at the hearing.

Robin has experience in a number of local body hearings related to RAM matters specializing in Mining, Quarrying, Landfills as well as Subdivisions, Land Disturbance, Stormwater and other related activities. Robin is available to take on the role of Independent Commissioner in these meetings.
